EXCLUSIVE START-UP COMPANY LICENSE AGREEMENT

This Exclusive Start-Up Company License Agreement (this “Agreement”) is made effective the ___ day of _____, ____ (the “Effective Date”) by and between the Wisconsin Alumni Research Foundation (“WARF”), a nonstock, nonprofit Wisconsin corporation, and _____ (“Licensee”), a corporation organized and existing under the laws of _____.

WHEREAS, WARF owns certain intellectual property rights to the inventions described in the “Licensed Patents” defined below, and WARF is willing to grant a license to Licensee under any one or all of the Licensed Patents, and Licensee desires a license under all of them.

NOW, THEREFORE, in consideration of the mutual covenants and agreements set forth below, the parties covenant and agree as follows:

Section 1. Definitions.

For the purpose of this Agreement, the Appendix A definitions shall apply.

Section 2. Grant.

A. License.

WARF hereby grants to Licensee under the Licensed Patents an exclusive license to make, use and sell Products in the Licensed Field and Licensed Territory.

B. Sublicenses.

Licensee may grant written, nonexclusive sublicenses, without the right to further sublicense, to third parties. Any agreement granting a sublicense shall contain terms and conditions no less restrictive than those set forth in this Agreement and shall state that the sublicense is subject to the termination of this Agreement. Licensee shall have the same responsibility for the activities of any sublicensee as if the activities were directly those of Licensee. Licensee shall provide WARF with the name, contact information and address of each sublicensee, as well as information regarding the number of full-time employees of any such sublicensee to allow WARF to determine whether it can maintain its small entity filing status for patent prosecution and maintenance purposes. Upon WARF’s written request, Licensee shall provide to WARF copies of each sublicense agreement and any amendments thereto.

C. Reservation of Rights.

In addition to the United States Government Rights identified in Section 14, WARF hereby reserves the right to grant non-profit research institutions and governmental agencies non-exclusive

licenses to practice and use the inventions of the Licensed Patents for Non-Commercial Research Purposes. WARF, the University of Wisconsin and the inventors of the Licensed Patents shall have the right to publish any information included in the Licensed Patents.

D. License to WARF.

(i) Licensee hereby grants, and shall require its sublicensee(s) to grant to WARF a nonexclusive, royalty-free, irrevocable, paid-up license, with the right to grant sublicenses to non-profit research institutions and governmental agencies, to practice and use "Improvements" for Non-Commercial Research Purposes.

(ii) In the event that Licensee and its sublicensee(s) discontinue the use or commercialization of the Licensed Patents or any Improvements provided for under this Agreement, Licensee shall grant, and shall require its sublicensee(s) to grant to WARF an option to obtain a nonexclusive, royalty-bearing license, with the right to grant sublicenses, to practice and use said Improvements for commercial purposes. Licensee shall provide to WARF written notice that Licensee and its sublicensee(s) intend to discontinue such use or commercialization immediately upon making such a decision. WARF's option with respect to each Improvement shall expire sixty (60) days after WARF's receipt of said written notice from Licensee. The failure of WARF to timely exercise its option under this paragraph shall be deemed a waiver of WARF's option, but only with respect to the Improvement so disclosed.

Section 3. Development.

A. Licensee shall diligently develop, manufacture, market and sell Products [Services] in each Licensed Field and Licensed Territory throughout the term of this Agreement. Such activities shall include, without limitation, those activities listed in Licensee's "Development Plan" attached hereto as Appendix E. Licensee agrees that said Development Plan is reasonable and that it shall take all reasonable steps to meet the development program as set forth therein.

B. Beginning in calendar year 20__ and until the Date of First Commercial Sale, Licensee shall provide WARF with a written Development Report summarizing Licensee's development activities since the last Development Report and any necessary adjustments to the Development Plan. Licensee agrees to provide each Development Report to WARF on or before thirty (30) days from the end of each semi-annual period ending June 30 and December 31 for which a report is due, and shall set forth in each Development Report sufficient detail to enable WARF to ascertain Licensee's progress toward the requirements of the Development Plan. WARF reserves the right to audit Licensee's records relating to the development activities required hereunder. Such record keeping and audit procedures shall be subject to the procedures and restrictions set forth in Section 6 for auditing the financial records of Licensee.

C. Licensee agrees to and warrants that it has, or will obtain, the expertise necessary to independently evaluate the inventions of the Licensed Patents and to develop Products [Services] for sale in the commercial market and that it so intends to develop Products [Services] for the commercial market. Licensee acknowledges that any failure by Licensee to reasonably implement the Development Plan, or to make timely submission to WARF of any Development Report, or the providing of any false

information to WARF regarding Licensee's development activities hereunder, shall be a material breach of this Agreement.

D. Licensee further agrees to and warrants that it will meet the following Milestones:

(i) Licensee will submit a revised business plan to WARF within ___ months of the Effective Date.

(ii) Licensee will hire a qualified Chief Executive Officer ("CEO") within _____ () months of the Effective Date. For the purposes of this Agreement, "Qualified CEO" shall refer to and mean an individual having the experience and expertise sufficient to serve as the CEO of Licensee and/or other similar companies in the _____ industry.

(iii) Licensee will obtain at least \$_____ in equity financing within _____ () year of the Effective Date.

Section 4. Consideration.

A. License Fee.

In lieu of the license fees that would traditionally be charged for the license granted hereunder, Licensee agrees to issue to WARF _____ percent (___%) of Licensee's outstanding equity securities under the terms of the Equity Agreement between the parties.

B. Royalty.

In addition to the equity granted under Section 4A, Licensee agrees to pay to WARF as "earned royalties" a royalty calculated as a percentage of the Selling Price of Products in accordance with the terms and conditions of this Agreement. The royalty is deemed earned as of the earlier of the date the Product is actually sold, leased or otherwise transferred for consideration, the date an invoice is sent by Licensee or its sublicensee(s), or the date a Product is transferred to a third party for any promotional reasons. The royalty shall remain fixed while this Agreement is in effect at a rate of _____ percent (___%) of the Selling Price of Products.

C. Sublicensing Royalties and Fees.

(i) With respect to sublicenses granted by Licensee under Section 2B, Licensee shall pay to WARF an amount equal to what Licensee would have been required to pay to WARF had Licensee sold the amount of Products sold by such sublicensee.

(ii) In addition, if Licensee receives any fees, minimum royalties, or other payments in consideration for any rights granted under a sublicense, or option to sublicense, or other similar rights, and such payments are not based directly upon the amount or value of Products sold by the sublicensee (hereinafter "Sublicense Fees"), then Licensee shall pay WARF fifty percent (50%) of such payments within thirty (30) days of receipt of such payments, and otherwise in the manner specified in

Section 4F. Licensee shall not receive from its sublicensees anything of value in lieu of cash payments in consideration for any sublicense granted under this Agreement without the express prior written consent of WARF. No payments owed for Sublicense Fees shall be prorated, whether the sublicense to the License Patents is bundled with other licenses or sublicenses or not, without WARF's written consent.

D. Minimum Royalty.

Licensee further agrees to pay to WARF a minimum royalty of \$_____ per calendar year or part thereof during which this Agreement is in effect, the first of such minimum royalty payments shall be due for calendar year _____, against which any earned royalty paid for the same calendar year will be credited. The minimum royalty for a given year shall be due at the time payments are due for the calendar quarter ending on December 31. It is understood that the minimum royalties will apply on a calendar year basis, and that sales of Products requiring the payment of earned royalties made during a prior or subsequent calendar year shall have no effect on the annual minimum royalty due WARF for any other given calendar year.

E. Patent Fees and Costs.

(i) Licensee agrees to reimburse WARF towards the costs incurred by WARF in filing, prosecuting and maintaining the Licensed Patents. For each patent application or patent included as a Licensed Patent in Appendix B, now or after the Effective Date, Licensee will pay to WARF the applicable patent reimbursement fees identified in Appendix F. Licensee will pay to WARF such costs within thirty (30) days of receiving an invoice from WARF. A first invoice for Patent Fees and Costs for the Licensed Patents as of the Effective Date will be sent after execution of this Agreement. Additional invoices will be sent for Licensed Patents added to Appendix B after the Effective Date.

(ii) WARF is not obligated to make or maintain any foreign filing of the Licensed Patents. If Licensee wants WARF to make or maintain such foreign filings, Licensee must, at least three (3) months prior to the expiration of the deadline for making such foreign filings, (1) notify WARF in writing indicating those countries in which Licensee desires WARF to pursue foreign patent protection and (2) pay to WARF the amounts set forth in Appendix F for the selected countries. Any country for which WARF files for such patent protection at Licensee's request and payment shall be included in the Licensed Territory under this Agreement and added to Appendix B. After the issuance of any foreign filed Licensed Patents, Licensee will be billed annually for any applicable annuity payments at the actual rate determined by the applicable country and WARF's out-of-pocket expenses related to handling and payment of such annuity. Licensee will pay to WARF the invoiced annuity amount within thirty (30) days of receipt. If Licensee fails to pay any amount owed under this Section 4E by the invoice due date, WARF will have the right to abandon the applicable filed Licensed Patents and/or remove it from the Licensed Patents.

(iii) WARF reserves the right to file a patent application, at its own expense, in any countries not requested by Licensee pursuant to this Section 4E. Such patent applications and any resulting patents will not be included in the Licensed Patents. Licensee acknowledges that if the United States Government (through any of its agencies or otherwise) has funded research, during the course of or under which any of the inventions of the Licensed Patents were conceived or made, the United States

Government is entitled, as a right, under the provisions of 35 U.S.C. § 200-212 and applicable regulations of Chapter 37 of the Code of Federal Regulations, to make and maintain foreign filings in those countries not selected by Licensee and/or WARF.

(iv) WARF will prosecute all national applications it files at Licensee's request pursuant to this Section 4E until WARF determines that continued prosecution is unlikely to result in the issuance of a patent in that country. If WARF decides to abandon prosecution or maintenance of any patent or patent application under the Licensed Patents in a country in which Licensee has requested WARF to make and maintain such filing, WARF shall provide Licensee notice of WARF's intent to abandon such application and the parties will determine in good faith how to proceed, taking into account the patent fees and costs already expended.

F. Accounting; Payments.

(i) Amounts owing to WARF under Section 4B and Section 4C shall be paid on a quarterly basis, with such amounts due and received by WARF on or before the thirtieth (30th) day following the end of the calendar quarter ending on March 31, June 30, September 30 or December 31 in which such amounts were earned. The balance of any royalty and non-royalty amounts owed to WARF under this Agreement which remain unpaid more than thirty (30) days after they are due to WARF shall accrue interest until paid at the rate of the lesser of one percent (1%) per month or the maximum amount allowed under applicable law. However, in no event shall this interest provision be construed as a grant of permission for any payment delays.

(ii) Except as otherwise directed, all amounts owing to WARF under this Agreement shall be paid in U.S. dollars to WARF at the address provided in Section 16(a). All royalties owing with respect to Selling Prices and other fees stated in currencies other than U.S. dollars shall be converted at the rate shown in the Federal Reserve Noon Valuation Value of Foreign Currencies on the day preceding the payment. WARF is exempt from paying income taxes under U.S. law. Therefore, all payments due under this Agreement shall be made without deduction for taxes, assessments, or other charges of any kind which may be imposed on WARF by any government outside of the United States or any political subdivision of such government with respect to any amounts payable to WARF pursuant to this Agreement. All such taxes, assessments, or other charges shall be assumed by Licensee or its sublicensee(s).

(iii) A full accounting showing how any amounts owing to WARF under Section 4B and Section 4C have been calculated shall be submitted to WARF on the date of each such payment. For royalties, such accounting shall be on a per country and product line, model or tradename basis and shall be summarized on the form shown in Appendix C of this Agreement. Such accounting shall include completing the quarterly royalty forecast section of Appendix C. In the event no payment is owed to WARF, a statement setting forth that fact shall be supplied to WARF.

Section 5. Certain Warranties.

A. WARF warrants that except as otherwise provided under Section 14 of this Agreement with respect to U.S. Government interests, it is the owner of the Licensed Patents or otherwise

has the right to grant the licenses granted to Licensee in this Agreement. However, nothing in this Agreement shall be construed as:

- (i) a warranty or representation by WARF as to the validity or scope of any of the Licensed Patents;
- (ii) a warranty or representation that anything made, used, sold or otherwise disposed of under the license granted in this Agreement will or will not infringe patents of third parties; or
- (iii) an obligation to furnish any know-how not provided in the Licensed Patents or any services other than those specified in this Agreement.

B. WARF MAKES NO REPRESENTATIONS, EXTENDS NO WARRANTIES OF ANY KIND, EITHER EXPRESS OR IMPLIED, AND ASSUMES NO RESPONSIBILITIES WHATSOEVER WITH RESPECT TO THE USE, SALE, OR OTHER DISPOSITION BY LICENSEE, ITS SUBLICONSEE(S) OR THEIR VENDEES OR OTHER TRANSFEREES OF PRODUCTS INCORPORATING OR MADE BY USE OF INVENTIONS LICENSED UNDER THIS AGREEMENT.

C. Licensee represents and warrants that Products produced under the license granted herein shall be manufactured substantially in the United States as required by 35 U.S.C § 204 and applicable regulations of Chapter 37 of the Code of Federal Regulations.

Section 6. Recordkeeping.

A. Licensee and its sublicensee(s) shall keep books and records sufficient to verify the accuracy and completeness of Licensee's and its sublicensee(s)'s accounting referred to above, including without limitation inventory, purchase and invoice records relating to the Products or their manufacture. In addition, Licensee shall maintain documentation evidencing that Licensee is in fact pursuing the development of Products as required herein. Such documentation may include, but is not limited to, invoices for studies advancing the development of Products, laboratory notebooks, internal job cost records, and filings made to the Internal Revenue Department to obtain tax credit, if available, for research and development of Products. Such books and records shall be preserved for a period not less than six (6) years after they are created during and after the term of this Agreement.

B. Licensee and its sublicensee(s) shall take all steps necessary so that WARF may within thirty (30) days of its request review and copy all the books and records at a single U.S. location to allow WARF to verify the accuracy of Licensee's royalty reports and Development Reports, the royalty reports of its sublicensee(s), and any applicable Sublicense Fees. Such review may be performed by any employee of WARF as well as by any attorney or registered CPA designated by WARF, upon reasonable notice and during regular business hours.

C. If a royalty payment deficiency is determined, Licensee and its sublicensee(s), as applicable, shall pay the royalty deficiency outstanding within thirty (30) days of receiving written notice thereof, plus interest on outstanding amounts as described in Section 4F(i).

D. If a royalty payment deficiency for a calendar year exceeds the lesser of five percent (5%) of the royalties paid for that year or Fifty Thousand Dollars (\$50,000), then Licensee or its sublicensee(s) shall be responsible for paying WARF's out-of-pocket expenses incurred with respect to such review.

Section 7. Term and Termination.

A. The term of this Agreement shall begin on the Effective Date and continue until this Agreement is terminated as provided herein or until the earlier of the date that no Licensed Patent remains an enforceable patent or the payment of earned royalties under Section 4B and Section 4C, once begun, ceases for more than four (4) calendar quarters.

B. Licensee may terminate this Agreement at any time by giving at least ninety (90) days' written and unambiguous notice of such termination to WARF. Such a notice shall be accompanied by a statement of the reasons for termination.

C. In the event that Licensee fails to meet any Milestone set forth in Section 3D, WARF may terminate this Agreement by giving Licensee at least thirty (30) days' written notice of such termination. The termination of this Agreement under this Section 7C shall in no way be understood to provide Licensee the right to receive a refund of the equity securities provided as a license fee under Section 4A or relieve Licensee of its obligation to provide such equity securities to WARF as provided in the Equity Agreement.

D. If Licensee at any time defaults in the timely payment of any monies due to WARF or the timely submission to WARF of any Development Report, fails to actively pursue the Development Plan, or commits any breach of any other covenant herein contained, and Licensee fails to remedy any such breach or default within ninety (90) days after written notice thereof by WARF, or if Licensee commits any act of bankruptcy, becomes insolvent, is unable to pay its debts as they become due, files a petition under any bankruptcy or insolvency act, or has any such petition filed against it which is not dismissed within sixty (60) days, or if Licensee or its sublicensee(s) offer any component of the Licensed Patents to their creditors, WARF may, at its option, terminate this Agreement immediately by giving notice of termination to Licensee.

E. WARF may terminate this Agreement by giving Licensee at least ninety (90) days written notice if the Date of First Commercial Sale does not occur by _____.

F. Upon the termination of this Agreement, Licensee and its sublicensee(s) shall remain obligated to provide an accounting for and to pay royalties earned up to the date of the termination and any minimum royalties shall be prorated as of the date of termination by the number of days elapsed in the applicable calendar year. Licensee and its sublicensee(s) shall also remain obligated to pay all other amounts owed under this Agreement to WARF prior to termination. Such accountings and payments shall be due within thirty (30) days of termination.

G. Waiver by either party of a single breach or default, or a succession of breaches or defaults, shall not deprive such party of any right to terminate this Agreement in the event of any subsequent breach or default.

Section 8. Assignability.

This Agreement may not be transferred or assigned by Licensee, whether pursuant to a change-of-control event or otherwise, without the prior written consent of WARF.

Section 9. Contest of Validity.

A. Licensee and its sublicensee(s) must provide WARF at least three (3) months prior written notice before filing any action that contests the validity of any Licensed Patent during the term of this Agreement.

B. In the event Licensee or its sublicensee(s) files any action contesting the validity of any Licensed Patent, the filing party shall pay a royalty rate of two (2) times the royalty rate specified in Section 4B of this Agreement for all Products sold during the pendency of such action. Moreover, should the outcome of such contest determine that any claim of a Licensed Patent challenged is valid and would be infringed by a Product sold by Licensee (or its sublicensee(s) if such sublicensee filed the action), if not for the license granted by this Agreement, Licensee (or its sublicensee(s), if such sublicensee filed the action) shall thereafter, and for the remaining term of this Agreement, pay a royalty rate of three (3) times the royalty rate specified in Section 4B of this Agreement.

C. In the event that Licensee or its sublicensee(s) contests the validity of any Licensed Patent during the term of this Agreement, Licensee agrees (and shall require its sublicensee(s) to agree) to pay to WARF all royalties due under the Agreement during the period of challenge. For the sake of clarity, such amounts shall not be paid into any escrow or other account, but directly to WARF, and shall not be refunded.

Section 10. Enforcement.

WARF intends to protect the Licensed Patents against infringers or otherwise act to eliminate infringement, when, in WARF's sole judgment, such action may be necessary, proper, and justified and makes reasonable business sense considering all factors. In the event that Licensee or its sublicensee(s) believe there is infringement of any Licensed Patent under this Agreement which is to its substantial detriment, Licensee shall provide WARF with notification and reasonable evidence of such infringement. Upon request by WARF, Licensee will provide WARF with such assistance and information as may be useful to WARF in connection with WARF's taking such action (if the cause of action arose during the term of this Agreement and WARF reimburses Licensee for Licensee's reasonable out-of-pocket expenses).

Section 11. Patent Marking.

Licensee and its sublicensee(s) shall mark all Products or Product packaging with the appropriate patent number reference in compliance with the requirements of U.S. law 35 U.S.C. § 287.

Section 12. Product Liability; Conduct of Business.

A. Licensee shall, at all times during the term of this Agreement and thereafter, indemnify, defend and hold WARF and the inventors of the Licensed Patents harmless against all claims and expenses, including legal expenses and reasonable attorneys fees, arising out of the death of or injury to any person or persons or out of any damage to property and against any other claim, proceeding, demand, expense and liability of any kind whatsoever resulting from the production, manufacture, sale, use, lease, consumption or advertisement of Products arising from any right or obligation of Licensee or its sublicensee(s) hereunder. WARF at all times reserves the right to select and retain counsel of its own to defend WARF's interests.

B. Licensee warrants that it now maintains and will continue to maintain liability insurance coverage appropriate to the risk involved in marketing the Products subject to this Agreement and that such insurance coverage lists WARF and the inventors of the Licensed Patents as additional insureds. Upon WARF's request, Licensee will present evidence to WARF that such coverage is being maintained.

Section 13. Use of Names.

Neither Licensee nor its sublicensee(s) shall use WARF's name, the name of any inventor of inventions governed by this Agreement, or the name of the University of Wisconsin in sales promotion, advertising, or any other form of publicity without the prior written approval of the entity or person whose name is being used.

Section 14. United States Government Interests.

It is understood that if the United States Government (through any of its agencies or otherwise) has funded research, during the course of or under which any of the inventions of the Licensed Patents were conceived or made, the United States Government is entitled, as a right, under the provisions of 35 U.S.C. §§ 200-212 and applicable regulations of Chapter 37 of the Code of Federal Regulations, to a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced the invention of such Licensed Patents for governmental purposes. Any license granted under this Agreement to Licensee or any of its sublicensees shall be subject to such right.

Section 15. Miscellaneous.

This Agreement shall be governed by and construed in all respects in accordance with the laws of the State of Wisconsin. If any provisions of this Agreement are or shall come into conflict with the laws or regulations of any jurisdiction or any governmental entity having jurisdiction over the parties or this Agreement, those provisions shall be deemed automatically deleted, if such deletion is allowed by

relevant law, and the remaining terms and conditions of this Agreement shall remain in full force and effect. If such a deletion is not so allowed or if such a deletion leaves terms thereby made clearly illogical or inappropriate in effect, the parties agree to substitute new terms as similar in effect to the present terms of this Agreement as may be allowed under the applicable laws and regulations. The parties hereto are independent contractors and not joint venturers or partners.

Section 16. Notices.

Any notice required to be given pursuant to the provisions of this Agreement shall be in writing and shall be deemed to have been given at the earlier of the time when actually received as a consequence of any effective method of delivery, including but not limited to hand delivery, transmission by telecopier, electronic transmission, i.e., email, or delivery by a professional courier service or the time when sent by certified or registered mail addressed to the party for whom intended at the address below or at such changed address as the party shall have specified by written notice, provided that any notice of change of address shall be effective only upon actual receipt.

Section 17. Integration.

This Agreement constitutes the full understanding between the parties with reference to the subject matter hereof, and no statements or agreements by or between the parties, whether orally or in writing, except as provided for elsewhere in this Section 17, made prior to or at the signing hereof, shall vary or modify the written terms of this Agreement. Neither party shall claim any amendment, modification, or release from any provisions of this Agreement by mutual agreement, acknowledgment, or otherwise, unless such mutual agreement is in writing, signed by the other party, and specifically states that it is an amendment to this Agreement.

Section 18. Confidentiality.

The parties hereto agree to keep any information identified as confidential by the disclosing party, confidential using methods at least as stringent as each party uses to protect its own confidential information. "Confidential Information" shall include the terms of this Agreement, Licensee's Development Plan and Development Reports, Royalty Reports and forecasts, sublicenses, the Licensed Patents and all information concerning them and any other information marked confidential or accompanied by correspondence indicating such information is exchanged in confidence between the parties. Except as may be authorized in advance in writing by WARF, Licensee shall only grant access to WARF's Confidential Information to its sublicensee(s) and those employees of Licensee and its sublicensee(s) involved in research relating to the Licensed Patents. Licensee shall require its sublicensee(s) and all such employees to be bound by terms of confidentiality no less restrictive than those set forth in this Section 18. Licensee and its sublicensee(s) shall not use any Confidential Information to WARF's detriment, including, but not limited to, claiming priority to the Licensed Patents in any patent prosecution. The confidentiality and use obligations set forth above apply to all or any part of the Confidential Information disclosed hereunder except to the extent that:

- (i) the receiving party can show by written record that it possessed the information prior to its receipt from the disclosing party;
- (ii) the information was already available to the public or became so through no fault of the receiving party;
- (iii) the information is subsequently disclosed to the receiving party by a third party that has the right to disclose it free of any obligations of confidentiality;
- (iv) the information is required by law, rule, regulation or judicial process to be disclosed (if such requirement arises, the party requested to disclose the Confidential Information of the other party shall, prior to any such disclosure, promptly notify said party and provide assistance in any reasonable effort to obtain confidential treatment with respect to such disclosure); or
- (v) five (5) years have elapsed from the expiration of this Agreement.
