

LIGAND GRAFT FUNCTIONALIZED SUBSTRATES

[View U.S. Patent No. 9,492,771 in PDF format.](#)

WARF: P08320US03

Inventors: Mark Etzel, Kannan Seshadri, Jerald Rasmussen, Clint Waller, Doug Weiss, Yi He

The Invention

Polyethyleneimine and polyalkylene biguanide ligand functionalized substrates, methods of making ligand functionalized substrates, and methods of using functionalized substrates are disclosed.
