

MOUSE MODEL: PPCD1 ("CURE FOR POSTERIOR POLYMORPHOUS CORNEAL DYSTROPHY (PPCD)")

WARF: P250382US01

Inventors: Christopher Bradfield, Anna Lee Shen, Alex Veith

The Invention

UW-Madison researchers have developed a mouse model (PPCD1) for Posterior Polymorphous Corneal Dystrophy (PPCD).

They have also developed second mouse model (see P250382US02 below).
