

## Mineral Coated Microparticles For Sustained Delivery Of Biologically Active Molecules

[View U.S. Patent Application Publication No. US-2020-0164087 in PDF format.](#)

**WARF: P170072US02**

Inventors: William Murphy, Anna Clements, Connie Chamberlain, Ray Vanderby

---

### The Invention

Disclosed are formulations for providing an active agent. Formulations include a carrier including an active agent and mineral coated microparticles wherein an active agent is adsorbed to the mineral. Other formulations include a carrier including mineral coated microparticles wherein mineral coated microparticles include an active agent. Also disclosed are methods for sustained delivery of an active agent and methods for treating inflammatory diseases using a formulation for providing sustained delivery of an active agent.
