**WARF: P210066US02**

Inventors: Anna Huttenlocher, Deane Mosher, Valeriu Bortnov, David Bennin, Frances Smith, Ruth Houseright

### The Invention

A method to inhibit neutrophil recruitment to damaged tissue, thereby inhibiting inflammation in a subject. The method includes administering to an anti-inflammatory amount of a myeloid-derived growth factor ("MYDGF"). Also disclosed are corresponding pharmaceutical compositions of matter containing the MYDGF.
